The primary color is **#008075**.
A possible complementary color is **#db3737**.

Text mark and tagline use Noto Sans regular & bold
and have tracking reduced to about −40
(CSS *letter-spacing* equivalent of about −0.02em).

Text mark font size is about 3 times larger than tagline.

On following pages, find examples
of Interscript logo layouts.

Find the round and the parallelogram versions
of Interscript symbol in the *interscript-symbol.ai* file.
